

ECO AND FRIENDLY: Sue and Sean Delaney of Sinclair's Gully winery in the Adelaide Hills

From page 5

ECOTOURISM

SINCLAIR'S GULLY

SINCLAIR'S Gully is the first advanced eco-certified cellar door in the Adelaide Hills, and one of only two cellar doors in Australia to achieve this accreditation.

Set on 11ha of native bushland, Sinclair's Gully provides visitors with a unique opportunity to enjoy wine tasting under towering candlebark gums.

The property has more than 150 species of native plants and 66 species of birds, many of which are rare or endangered.

Sinclair's Gully is passionate about restoring and protecting its environment, and offers visitors interpretive experiences on its bush care work and biodynamic vineyard.

Guests can also enjoy a guided walk through spring wildflowers, watch black cockatoos fly in at dusk during summer, or sit back on the viewing deck with a glass of wine.

QANTAS AWARD FOR EXCELLENCE IN SUSTAINABLE TOURISM

SINCLAIR'S GULLY

SINCLAIR'S Gully is the first advanced eco certified cellar door in the Adelaide Hills.

Sustainable practices are the foundation of Sinclair Gully's business, from the conservation of the endangered eco-system and sustainable vineyard management practices, to its zero waste 100 per cent recycling program and reuse of grey water.

The property has more than 150 species of native plants and 66 species of birds, many being endangered or rare.

Sinclair's Gully provides visitors with interpretive experiences on its bush care work and biodynamic vineyard, and offers a range of nature-based activities including guided walks and bird watching.
